CORRESPONDENCE CONTROL  
6079-DOE-91

Mr Randy Harris  
HAZWAP  
831 Tricounty Blvd  
Oliver Springs, TN 37840

Dear Randy.

Please find enclosed two copies each of the following documents

- 1) Final Draft Phase I RFI/RI Work Plan for OU6 (Walnut Creek Priority Drainage), Rocky Flats Plant, dated April 1991
- 2) Quality Assurance Addendum, QAA 61, to the Rocky Flats Site-Wide QA Project Plan for CERCLA RI/FS and RCRA RFI/CMS Activities for OU6, Walnut Creek Priority Drainage Phase I RFI/RI, dated March 1991.

We request that you review and comment on the entirety of these documents. With regard to the Environmental Evaluation portion (Section 9) of the Final Draft Phase I RFI/RI Work Plan for OU6, we request that, in addition, to your standard review procedures you evaluate consistency with 1) the June 1991 version of the Phase I RFI/RI Environmental Evaluation Work Plan for OU5 (Woman Creek Priority Drainage), 2) the May 1991 version of the Ecology SOPs, and 3) regulator and trustee generic comments at previous Risk Assessment Technical Working Group meetings regarding the OU5 Environmental Evaluation Work Plan

Since we have already received written comments from EPA and CDH on these documents, we request that, if possible, you provide comments to DOE/RFO by August 19, 1991. Note that this is consistent with the due date for comments from the trustees.

Should you have any questions or concerns, please contact Brent Lewis (FTS 345-4765) or Bruce Thatcher (FTS 345-3532)
